Caller Name Display

Mike Johnstone - 2024-04-22 - [Number Settings](#)

Caller Name Display

Using the caller name display you can present your user name when you dial another person. This is particularly handy when dialing other extensions within your organization.

Setting up Caller Name

1. Login to your account.
2. Go to the **Switchboard** > Select your number
3. Select **Profile** > **Number Details**.
4. Set your **Caller Name** > **Save**.
